

Company

CAPABILITY STATEMENT

Delivering high-quality, innovative projects safely across Australia.

construction fitout maintenance

Company PROFILE

RHG was founded in Western Australia and prides itself on being a privately-owned construction company servicing the commercial and industrial sectors. Operating with state-of-the-art management systems and having processes in place to ensure that the safety, environmental, programme, quality and cost requirements of each project are achieved. This has allowed RHG to grow significantly within Western Australia, partnering with a number of private developers. These relationships have been longstanding and have allowed the company to expand the business Australia-wide, across a variety of sectors and clients including St Johns Ambulance, Water Corporation, Department of Transport, BHP Billiton, Woolworths & Qantas.

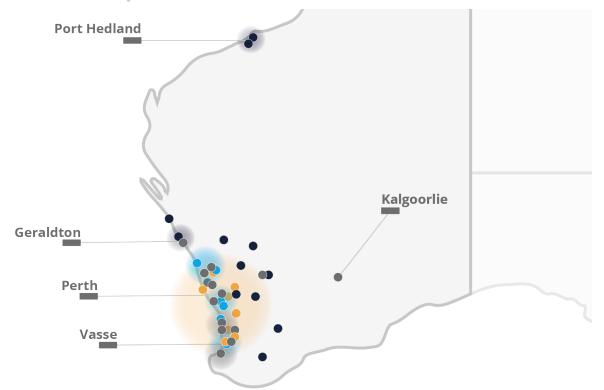

Three divisions; **Construction, Fitout** and **Maintenance**, make up the core of the business structure, with flagship capabilities ranging from childcare centres, medical centres, Government works, retail and hospitality. With RHG's highly experienced team it allows clients the ease of one point of contact, with a complete building and management service, simplifying the process and increasing efficiency.

RHG's vision is to be the 'best builder to work with' and this underpins all interactions and relationships with clients, consultants, subcontractors, suppliers and own staff members. Fundamentally, this is done by promoting and striving for a collaborative working ethos and working towards achieving a 'best for project' outcome. As a company, RHG has a passion for community and is committed to giving back, providing support to various community groups, charities and sporting organisations.

With a bright future ahead, RHG has a strong pipeline of works for the years going forward, these include:

- Portobello Commercial Development (\$4.4m)
- Waikiki Hotel Development (\$12m)
- Rivervale Childcare Centre (\$2.4m)
- Forrestdale Commercial Development (\$5.5m)

Capability

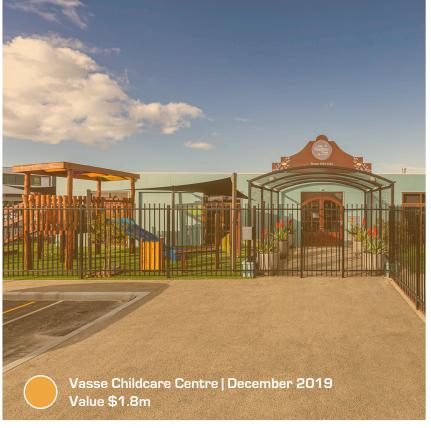

CHILDCARE

RHG believes that the design of a childcare centre is crucial to facilitate the best environment for both children and educators. We ensure that all finishes throughout are suitable and safe for children, with the highest safety standards in mind. Our in-depth, expert knowledge of specific childcare centre needs such as room sizes, outdoor play areas, shaded areas, kitchens and other facilities, as well as disability access requirements sets us apart from other construction companies.

Scarborough Childcare Centre | June 2020

Value \$2.5m

Other Key Childcare Projects:

Treendale Childcare Centre
Completed: June 2017
Value: \$3m

Dalyellup ChildcareCompleted: January 2018
Value: \$2.9m

Capability MEDICAL

We have extensive experience in delivering medical centres throughout Western Australia, ranging in value from \$1 million to \$4 million. Given the functional and specialist intricacies of these centres, people are often more at risk when seeking healthcare, and conditions are more sensitive. From the start, we develop a risk management plan where all risks are clearly identified and mitigated to deliver the best possible outcome.

Other Key Medical Projects:

Secret Harbour Medical Centre
Completed: November 2015
Value: \$3.5m

Berrigan Drive Medical Centre Completed: September 2015 Value: \$1m

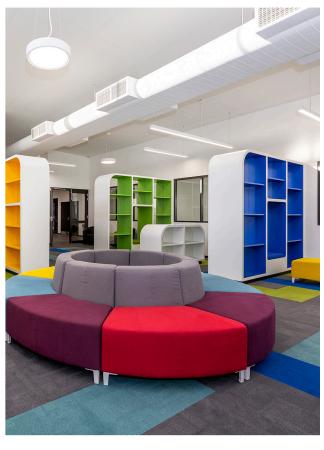

Capability

GOVERNMENT

RHG is proud to work with a number of Government bodies across Western Australia. We understand the unique needs of this sector, and our reputation for quality, reliability and safety means we are a trusted partner of the Water Corporation of WA and the Department of Transport.

Other Key Government Projects:

Water Corporation Wagin Depot

Completed: July 2018 Value: \$356,000

Water Corporation Port Hedland Depot

Completed: October 2020 Value: \$1.36m

Water Corporation Bridgetown

Completed: May 2018 Value: \$169,000

Water Corporation Kununurra Completed: June 2018

Value: \$325,000

Capability

RETAIL & HOSPITALITY

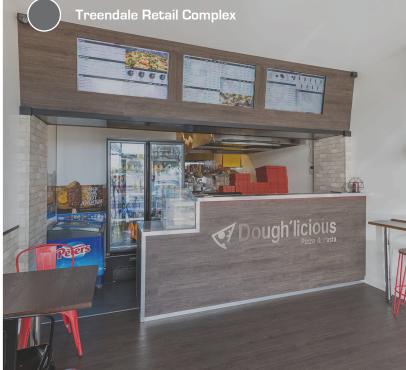

At the core of our operations, we have delivered major retail and hospitality projects across Western Australia for Woolworths, Stockland and many privately owned development asset owners. We understand the importance of customers to our clients, ensuring that our building program, site operations and site staff have minimal impact on a store or shopping centre's ability to trade.

Other Key Retail & Hospitality Projects:

Woolworths Karrinyup Refurbishment

Completed: February 2018 Value: \$322,000

Banksia Retail Complex Completed: October 2020 Value: \$883,000

Stockland Bullcreek
